Accessible Cabin Usage Policy

Camp Peaceful Pines has two cabins that are ADA compliant for accessible usage. Priority for lodging in these cabins will be given to persons with mobility or other issues that make accessibility an important factor in an individual's ability to participate at camp. Beds are limited and all spaces will need to be filled if there is a need for the space. This means that individuals and families may be sharing the accessible cabins with others to accommodate all of the needs for a given camp. Campers should indicate on their registration form their need for use of one of the accessible cabins, what the need is, and the camp director in consultation with the superintendent will make assignments to these cabins. No camper should use either without the permission of the camp director.

**** ALL CAMPERS, adults included, must fill out this form!!**
